September 2021 Waste Report

Altogether Recycling Collected: **44,073 lbs**
 Landfill Collected: **135,058 lbs**
 Compostable Materials Collected: **6,302lbs**
 Total Materials Collected: **185,433 lbs**

Year to Date Diversion Rate

Monthly Waste Comparison

September

Landfill: 72.8%
 Recycling: 23.77%
 Compost: 3.4%
 Diversion Rate: 27.17%

August

Landfill: 72.5%
 Recycling: 27.12%
 Compost: 0.42%
 Diversion Rate: 27.55%

Environmental Impact

Through **50,375 lbs** of compost and recycling we avoided..

73,240 lbs of CO2 GHG Emissions

Which is equal to...

25.258 lbs of coal being burned

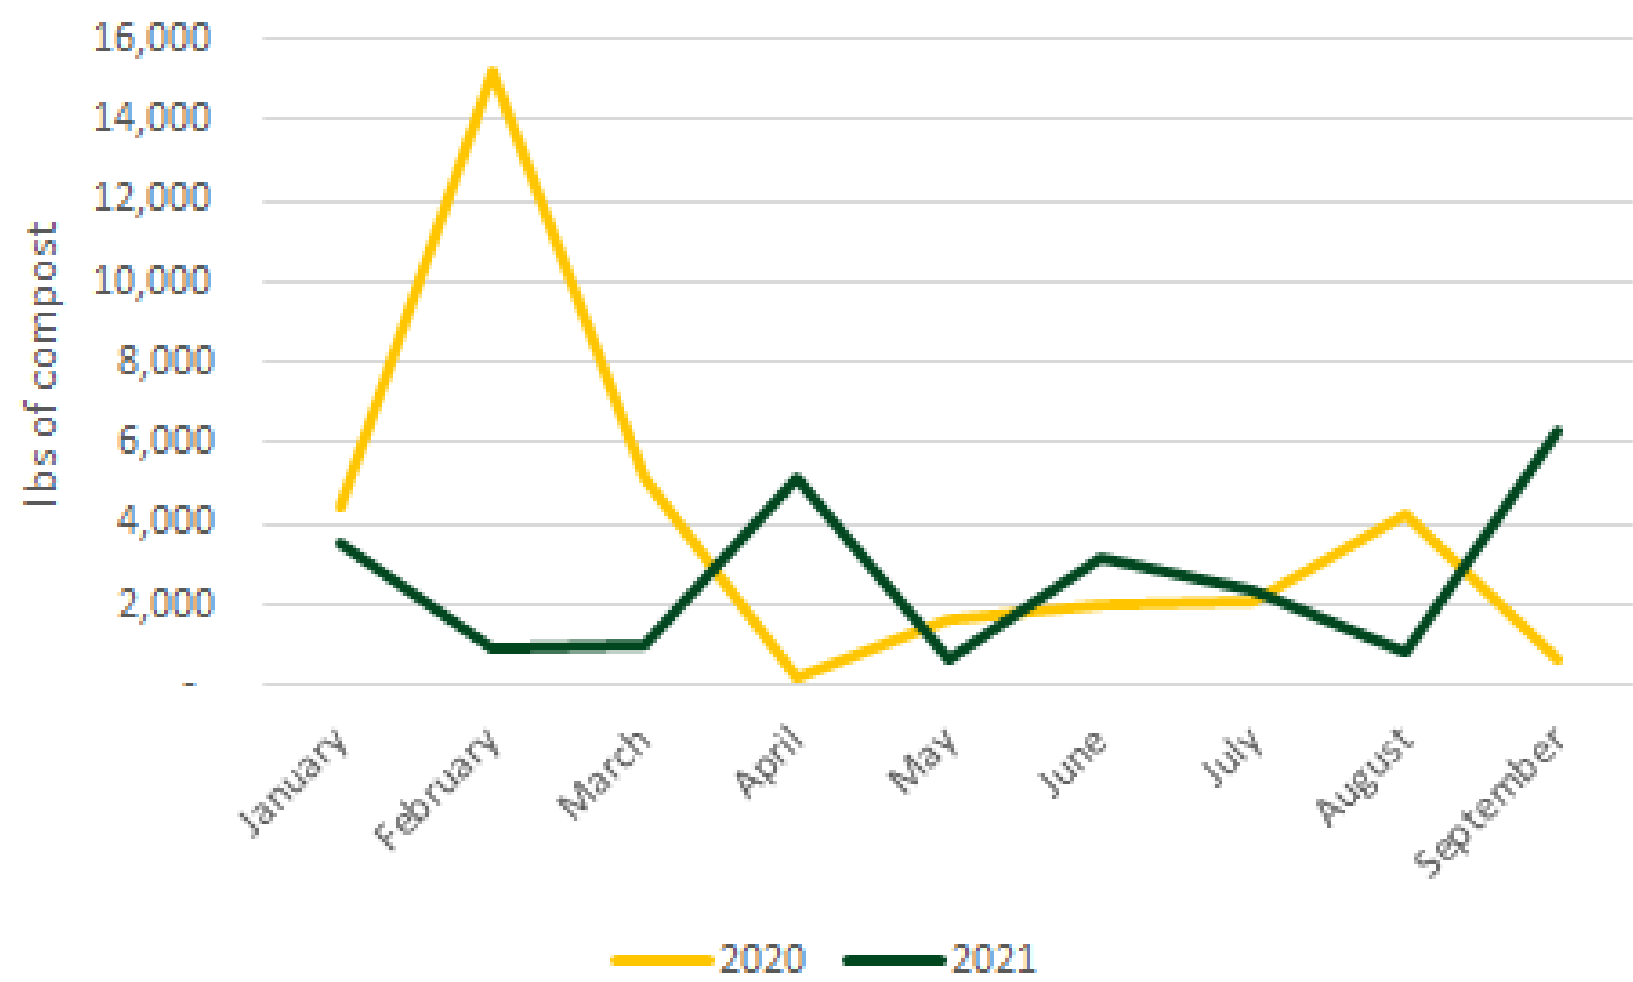

28 acres of forest sequestering carbon

57,432 miles driven by an average passenger car in carbon

Compost Annual Comparison

The **Compost Weight** collected at the Auraria Campus in September was **6,302 lbs**. That is a **187%** decrease compared to July

Monthly Waste Diversion Highlight

In September we had our first Bike Count! Twice a day, twice a week, every month, we're going to go out and collect data on how many bikes are in and around campus. This helps us gather information about how many people are using alternative transportation to reduce their carbon footprint. If you are interested in volunteering for ASCP come visit us at Tivoli 325 and ask staff member about this super fun opportunity.

Volunteers Needed!

Help us count the bikes on campus to measure bike usage.

For more information go to sustainableauraria.org!
