

This month we had:

417,159 lbs of total waste
307,560 lbs were landfilled
105,780 lbs were recycled
5,083 lbs were composted

Compost Outpost

The ASCP is now collecting and processing campus' compost on site! The project encompasses expanding compost receptacles, mandating certified compostable to-go ware for food vendors, implementing rigorous compost sorting procedures, utilizing a state-of-the-art BioCoTech in-vessel composter for processing, and returning the nutrient-rich compost to nourish campus trees and plants.

Did you know...

This year the ASCP replaced energy inefficient light bulbs with new, energy efficient LED bulbs on the 1st, 2nd, 3rd, and 7th floors of the Tivoli!

Environmental Impacts

We avoided **50.6 metric tons of GHG** through our waste diversion efforts.

Or the equivalent to:

6.6 homes' yearly energy use

129,466 miles driven by passenger vehicles

59.1 acres of forest sequestering carbon
