Report back (new business):

-November 7th, 9:00 am – 10:00 am Green labs presentation

- • **Sky:**
 - o **Heather:**
 - • Jasmyn: Prep for AHHA, printing flyers,
 - • **Cassy:** AHHA tabling and general logistics info to the Nov 7th meeting as new business?
 - • **Jasmyn:** Do we have access to a **Costco or Sam's Club membership** that could help us purchase bulk items? Shelf-stable provisions such as milk, formula, ramen, pasta, rice, and Hamburger Helper would be incredibly helpful.

2 / 2

- •
- • **Evangelina G:**
 - o Ø Volunteer options regarding AHHA Week. Details & logistics. Opportunities for SACAB to get involved. Collecting the data & having the survey correspond with the upcoming initiatives around the Tri- institutional Campus. Follow up on the \$4,000 allocated toward feminine products last semester. How we can implement them now.
 - o Ø opportunity to **partner with local farms and food organizations** to take fresh produce off their hands before winter fully sets in. This not only helps reduce waste but also ensures that nutritious food reaches families who may not otherwise have access to it. By acting as a distribution hub, we can help bridge the gap between surplus and need in a way that's both sustainable and impactful.
 - o Ø **Resource & Winter Baskets-** I envision assembling baskets filled with essentials like hand warmers, socks, gloves, hats, scarves, leg warmers, earmuffs, and face masks. We could also organize a **clothing drive** for jackets, overalls, pants, and gently used professional attire that's no longer being utilized (our students should feel prepared for interviews and other pinnacle moments).
